

## Technical Datasheet

<b>Article - No:</b>	TDS-DWPS20V	Revision: A0																																																						
<b>Remarks</b>	single use only																																																							
Specification																																																								
<b>Product name</b>	DWPS20V,2.2ml deep well plate,Square well V bottom																																																							
<b>Production conditions</b>	Class 100,000 clean room production																																																							
	No release agent is used																																																							
	Motor molding																																																							
<b>Classification</b>	CE/IVD

<b>Colour</b>	Clear																																																							
<b>Bottle Shape</b>	V type																																																							
<b>Nominal Capacity</b>	2.2ml																																																							
<b>Material Characteristics</b>	polypropylene (PP), premium surface																																																							
<b>Product Characteristics</b>	biologically inert																																																							
	no heavy metals according to EC/94/62																																																							
<b>Purity Grade</b>	free of RNase and DNase																																																							
	free of endotoxins																																																							
<b>Shelf - Life</b>	36 months at controlled storage conditions																																																							
<b>Packaging</b>	pcs per bag: 10																																																							
	bag per case: 10																																																							
<b>Storage</b>	Storage Temperature:2°C-40°C,humidity40%-80%																																																							
	Keep clean,ventilated and out of direct sunlight																																																							
<b>Approved by PakGent quality department</b>
